

# Meet Mike.

Mike is a busy young professional who was looking for an easy way to make a difference. With Embraced, Mike touched a wheelchair that ended up in the hands of a Haitian earthquake victim.

Every month, for just a few hours, Mike gets to not only touch a lot of equipment that will end up healing someone in a difficult situation, but Mike gets to walk away knowing that together, with like-minded others, he made a difference. **You can make a difference too.**

Share supplies. Help heal.
